

PELI™

PROTECTOR CASE CATALOGUE

Rugged, uncompromising and trusted, Peli cases protect what matters to you, from the everyday to the extraordinary. Peli Protector Cases are made with copolymer polypropylene and cutting edge technology, which makes them virtually indestructible and resistant to the most extreme conditions. Proven for over 45 years in the most demanding environments.

Guaranteed for Life and sustainable due to its long life.

PROTECTOR CASES

■ STRONGER BY DESIGN

The Peli Protector Case™ uses an open cell core and solid wall construction, which is actually stronger and lighter than a solid core wall. Stainless steel pins are used for hinges and handles.

■ DOUBLE-THROW LATCHES

The Double-Throw latches are smarter and easier to open: it's the classic 'C' clamp design with a secondary movement that works like a pry bar to start the release and offers plenty of leverage to open with a light pull.

■ EASY RIDING

Stainless steel ball bearing wheels (on selected cases) last longer and ride smoother. The nylon hub adjacent to the stainless steel resists heat. Result: less wear and tear on the polyurethane tire.

■ REINFORCED PADLOCK PROTECTORS

Stainless steel reinforced padlock protectors provide added strength and extra security against cutting and theft.

■ WATERTIGHT

The secret is the tongue and groove fit with a polymer o-ring which creates a watertight seal that gives each case its IP67 waterproof rating. Made from neoprene, these gaskets fit securely into a groove in the case lid, ensuring a tight seal when latched.

■ COOL UNDER PRESSURE

The Automatic Pressure Equalisation Valve releases built-up air pressure while keeping water molecules out, resulting in a watertight case that is even easier to open.

* Lifetime guarantee not applicable where prohibited by law.

MICRO CASES

From small sensitive components to smartphones, protect your gear from the elements in a Memory Card Case or Micro Case from Peli.

PROTECTOR

IP67 WATERTIGHT
Dustproof and waterproof up to depths of 1 meter for thirty minutes.

PANEL FRAME
This case can be adapted for use with an electronic interface panel.

WHEELED CASE
Quiet rolling stainless-steel bearing wheels.

ICONOGRAPHY

*These colours are available upon minimum quantities, as well as other configurations. Check with your Customer Service representative for further details.

CASE CONTENTS NOT INCLUDED

LARGE CASES

Designed for extreme protection during transport and storage. Customisable interiors allow for extra protection and inventory control. Selected models feature retractable handles, extra wide grips and sturdy casters for efficient mobility.

Note that the dimensions of some cases manufactured in Germany differ slightly from the equivalent cases manufactured in the US. Please review the case dimensions carefully before initiating any project.

BASE PROTECTION

ACCESSORIES

Photo by Derek Malou

PICK N PLUCK™ FOAM

An easy, do-it-yourself system for the interior of the case. Layers of foam are pre-scored in 1,27 cm or 2,54 cm cubes. Simply lay your equipment on the foam, tape or chalk to mark the foam, and pluck away. Always allow at least 2,5 cm of foam between your equipment and the case wall.

The following cases ship with solid foam instead of Pick N Pluck™ Foam: 1700, 1720, 1750.

PADDED DIVIDERS

An alternative to Peli™ foam is our optional Padded Divider Sets. The compartments are connected with Velcro® so you can easily change the configuration according to your needs.

0370	2	0374	0375

* These cases/sets come with new high-visibility yellow dividers. All others with standard black dividers.

TREKPAK™ DIVIDERS*

The TrekPak™ system uses pre-installed wall sections, divider panels, locking pins and an infallible cutting tool. Just lay your gear in the case, measure and cut the divider sections and lock them in place with the steel U-pins.

Trekpak™ is available for select models.

LID PROTECTION

ACCESSORIES

Photo by Eduardo Vinas

LID ORGANISERS

Made of simulated leather or ballistic nylon with nylon zippers. A wide variety of pocket sizes protect and keep your gear organised. They install easily with Velcro® strips (included).

EZ-CLICK™ MOLLE PANEL

The first lid organiser of its kind that can quickly be released and swapped out without tools. Engineered to fit in the 1510, 1560 and 1535 Pelican cases, the panel is compatible with user-supplied MOLLE pouches and Velcro™ brand straps.

MODLIGHT PIVOT

ACCESSORIES

MODLIGHT PIVOT

The ultimate in-case lighting solution. A purpose-build, low-profile, and compact light designed for seamless, tool-free installation into a wide range of Peli cases*.

Built Compact. Built to Last.

Engineered with a low-profile footprint, ModLight Pivot stays out of your way while delivering the illumination you need. The compact design fits seamlessly into your Peli case without sacrificing valuable gear space.

SPECIAL APPLICATIONS

CUSTOM FOAM SOLUTIONS

Custom foam and extreme solutions such as deck mount suspension systems will keep your delicate items protected on the inside.

PANEL FRAMES

Many Pelican cases can be adapted for use with electronic interface panels by using a Panel Frame. Pre-drilled holes and stainless steel screws make fabricating a custom case a fast and accurate proposition.

A polymer o-ring seals the panel so the base of the case remains watertight, even with the lid open.

The following cases are adaptable for use with panel frames: 1120, 1150, 1200, 1300, 1400, 1430, 1450, 1470, 1490, 1500, 1520, 1550 (search for the icon )

- O-ring
- Panel Frame
- Attachment Hardware

See how to mount a panel frame here:

ELECTRONIC INSTALLATIONS

Pelican Case allows customisation for electronics. The copolymer material can be machined, drilled and sanded smooth. This makes the Pelican Case suitable for use with bulkhead connectors.

WE CUSTOMISE YOUR LOGO

Personalise your case with your company logo or have your name engraved on the nameplate. Logos can be applied in multiple colours as a Mylar® decal or as a vibrant fade-resistant, scratch-resistant hot-stamped ink.
