

PELICAN-HARDIGG™

LIGHT LIFT™ CASES

INTRODUCING PELICAN-HARDIGG™ LIGHT LIFT™ CASES

NEW LIGHTWEIGHT VERSION OF OUR HEAVY DUTY ROTO MOLD LINE

Pelican-Hardigg Light Lift cases combine agility and durability. At up to 30%* lighter than our traditional heavy-duty roto mold cases, the Pelican-Hardigg Light Lift series allows for faster deployment and reduced shipping costs, without compromising protection. The Pelican-Hardigg Light Lift series is the most significant advancement of roto molded cases on earth.

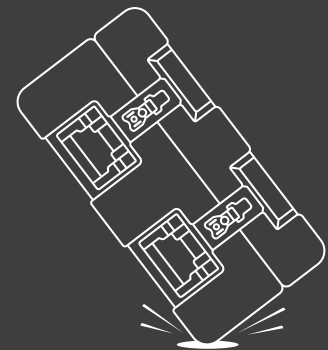

Pelican-Hardigg Light Lift series: Every ounce counts.

LOWER TRANSPORTATION COSTS

- » Less Shipping Costs
- » Less Landing Fees
- » Less Fuel Costs
- » Less Man Power

* Weight varies ±5% based on case size/model

MIL-SPEC TESTED

ROTATIONALLY MOLDED EFFICIENCY

ROTO MOLDED LIGHT LIFT CASES

Pelican-Hardigg Light Lift cases begin with a resin powder specifically formulated to reduce weight without compromising protection. Light Lift case polyethylene is a custom formulation engineered to enhance case strength and shock resistance, especially in cold environment applications.

“HUMAN CARRY” MISSION

Pelican-Hardigg Light Lift cases are designed to meet MIL-STD-1472G for up to 300 gross lbs (137.89 kg) payload, the maximum for a 4-man carry application, enabling lighter loads for faster and easier transport.

PROVEN TO PERFORM

MIL standard testing on Light Lift cases validates performance in the field, similar to standard heavy-duty rotationally molded cases. For example, the AL2914-0605LW case, configured with edge casters, passed -20 degree drop tests directly on the casters at consecutive 18”, 24”, and 36” heights with a 150 lb payload.

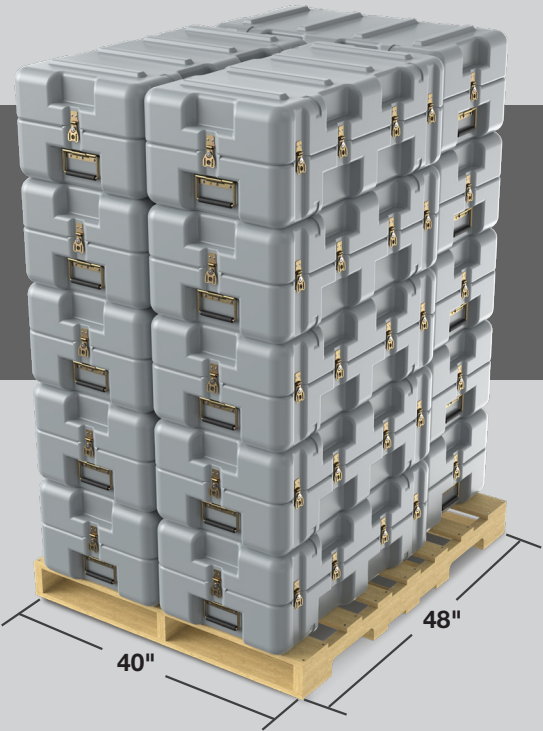

WEIGHT SAVINGS

LETS COMPARE

The AL2914-0605LW case, when compared to a standard rotationally molded case of the same size, cuts over 6 pounds and reduces case weight by over 30%.

	WT.*	% WT.
Standard Roto Case	20.6 lbs.	-
Light Lift w/ Edge Caster Option**	15.6 lbs.	-26.7%
Light Lift Base Configuration	14.2 lbs.	-31.1%

* Case weights may vary case to case due to the roto molding process
** The bolt through style edge casters weigh .45 lbs. ea., 2 per case.

LESS SHIPPING WEIGHT

Pallet of 15 Pelican-Hardigg AL2914-0605 Light Lift cases weighs 96 pounds less when compared to equivalent stack of heavy-duty roto mold cases.

	Case WT.*	Pallet WT.	WT. Diff.
Standard Roto Case	20.6 lbs.	309 lbs.	-
Light Lift Base Configuration	14.2 lbs.	213 lbs.	-96 lbs.

* Case weights may vary case to case due to the roto molding process

GET IT YOUR WAY

CONFIGURABLE OPTIONS

Pelican-Hardigg Light Lift configurable options include 13 colors, a Pressure Relief Valve to control airflow, edge casters for mobility, and locking cable catches for security that enable you to build a case to fit your specific storage or transportation needs.

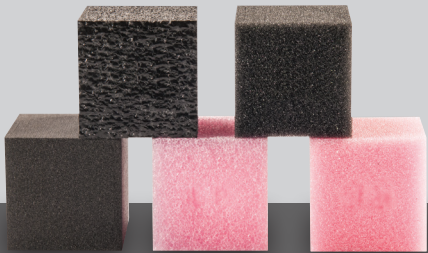

CUSTOM ENGINEERED CASES

For highly complex, custom case solutions, our team of engineers can work with you to understand the details of your project, and develop a custom case solution to protect your equipment.

With numerous case sizes to choose from, and a broad range of interior protection solutions including foam, cradle mounts, shock mount isolators, and more, we work with you to engineer a solution that delivers unmatched durability, reliability, and functionality.

Pelican-Hardigg™ Light Lift™ case shown in custom blue color and water jet precision cut foam.

Choose from a wide range of foam types, varying from flame-retardant to conductive, expanded to hundreds of foam styles.

ADDITIONAL PRODUCTS

PELICAN™ LIGHTING TOOLS

- » Safety Approved Lights for Hazardous Locations
- » Specialized Lights for Fire and Rescue Operations
- » Headlamps
- » Submersible Lights for Diving

PELICAN™ REMOTE AREA LIGHTS

- » Solid-State Mounted LEDs
- » Portable
- » Multi-Directional Lamp Heads
- » Up to 15 Hours of Burn Time
- » Rechargeable

PELICAN-HARDIGG™ SINGLE LID CASES

- » Rotational Molding Technology
- » Recessed Hardware
- » Comfort Grip Handles
- » Available Airtight/Watertight Designs
- » Over 300 Sizes
- » Built-in Skid Turners (select models)
- » Reinforced Corners and Edges
- » Mobile Military Solutions for Medical, Information Technology, Office, Armory, and Transport Logistics
