

Superior Shipping Protection

FOR FRAGILE INSTRUMENTS AND ELECTRONICS

G Fragility Rating

THE LOWER THE G RATING OF EQUIPMENT = A GREATER LEVEL OF PROTECTION NEEDED

CLASSIFICATION	FRAGILITY (shock and vibratio	
EXTREMELY SENSITIVE Inertial Navigation Equipment (Gyroscopes)	12 - 18 G's	FRAGILE
VERY DELICATE Electro-Optical (101-152 mm) Precision Test Equipment	18 - 25 G's	
FRAGILE General Electro-Mechanical Medical and Biological Diagnostic Tower computers, Color TV Cameras High End Rack Mount Electronics, Printers	25 - 50 G's	
MODERATELY FRAGILE Solid-State Circuit Electronics Radar and Microwave Antennas Audio-Visual Projectors, Aircraft Engines General Rack Mount Electronics	50 - 80 G's	
RUGGED PC Boards, PC Monitors, Refrigerators, Microwave Ovens, Control & Metering Valves Cameras, Emergency Rescue Gear	80 - 120 G's	
VERY RUGGED Most Small Appliances, Pelican Flashlights, Tools, Guns	120 G's and Up	
CELL PHONE	300 G's	RUGGED

The fragility of an item is normally expressed in "G" units. G units are a measure of the force exerted on bodies by the earth's gravitational pull. Products with a larger g-force rating require less protection from shock and vibration. For instance, an item with 20 G fragility will suffer damage when subjected to a force 20 times that of normal earth gravity. The fragility of an instrument or piece of equipment is usually determined by laboratory testing.

G - RATING EXAMPLES

Pelican-Hardigg[™] Classic Rack Case

Used for extremely delicate and heavy diagnostic equipment that needs to travel but cannot withstand shock or vibration.

Pelican-Hardigg[™] SuperMAC[™] Case

Used for fragile equipment that needs to travel but cannot take shock or vibration. It also needs to fit a narrow space.

Pelican-Hardigg[™] MAC Rack[™] Case

Used for moderately fragile equipment that needs shock protection and is used in a tight working space environment.

Pelican-Hardigg[™] BlackBox Case

Used for rugged, light weight equipment so a photographer can get equipment to the job site.

Pelican-Hardigg[™] ProRack[™] Case

Used for very rugged light weight equipment that needs a travel case to keep it dry and dust free during transport.

Rack Mount Options

Hardware - Catch & Strike Latches

Black Plated Steel (HNB) is low cost with high strength.

Black Plated Stainless Steel (SSB)

Stainless steel is corrosion resistant.

Security

Lockable Cable Catch Set of four (4) per case. Two (2) attached per lid on opposing corners. Cable is made of tamper-resistant aircraft steel.

Pressure/Humidity Options

Pressure Relief Valve (PRV) Humidity Indicator With Closed Loop Gasket The manual PRV button is used to maintain correct pressure differential. Pressure range: +/- 0.5 PSID

Indicates 20%, 30%, and 40% relative humidity ranges. Color changes when inside humidity exceeds the indicated level. Resets as humidity decreases; used along with PRV.

Handles

Heavy Duty Handle Comfort grip handle, rustproof HDPE, recyclable, light weight, 90° Stop, spring loaded, 150 lb. lift

Extra Handles. (3 & 4 Hole) 90° stop handle. Black Plated Steel or Black Stainless Steel. 3-hole: 35 lb. lift/handle

4-hole: 150 lb. lift/handle

Lift / Tie Down Rings 2" (50 mm) diameter lift grips, spring loaded, pivot 180°, (750 lbs lc installed). Black plated Plated Zinc and Black Stainless Steel

Coupling Catches Built in attachment system latching one case to another for secure stacking. (on Classic rack cases)

E-Buckle Built in attachment system latching one case to another for secure stacking. (on Supermac cases)

capacity/handle.

Front Labels A set of two labels

RO

Standard Labels Custom option, requires an estimate.

Custom Stenciling Per MIL-I-43553, Black, White, Yellow. Custom option, requires an estimate.

Card Holder Set of metal holders for shipping card. 3" x 5" (76 x 127 mm) or 4" x 6" (102 x 152 mm)

ID Plate (Type H, Style IV) Per MIL-P-15024, Size 10 4" x 4" x .020" (102 x 102 x 0.5 mm), aluminum fastener attached.

Other Options

Cage Nuts

SAE/10-32 and M6 Metric cage nuts for square hole racks. Packs of 24 pieces and 50 pieces (page 19).

Panel Screw With Washer Used on any Rack Case.

Lid Storage Pouch Zippered pouch for storing cables and accessories in front and/or rear lids.

Lid Leg Kit 5U or larger, 12" (304mm) legs for seat height and 20" (508mm) or 22.5" (572mm) for table height.

Lid Hangers Store lids on side of case when case is open. Set of four (4) hangers for two lids. (Classic lid hanger shown)

Rack Frame Options

Fixed Bottom Support Rails (bottom view)

These aluminum supports installed on the bottom of the rack, front to back.

Adjustable **Vertical Supports**

These aluminum supports installed on the side walls of the rack, top to bottom.

Adjustable **Horizontal Supports**

These aluminum supports installed on the side of the rack, front to back.

1/8" Wider Frame

Typically used with slides mounted on inside of upright.

Removable Rack System

This option is only available on Classic Racks and SuperMAC™ racks. (see page 15 for more info)

Shelves and Drawers

1U Filler Panel 16-gauge aluminum,

brushed black finish, Available in 1U, height 1.75" (44.45mm).

Drawers

Key lockable 2U, 3U, and 4U sliding drawers, 15.78" (403 mm) wide, 24" (610 mm) deep. Max drawer payload 25 lbs (11.3kg).

Keyboard Tray

Comfortable standard size keyboard. 24" (610 mm) wide, 12 inches (305 mm) deep. Attaches to case front catches.

Rack Slides

Compact solid bearing slides. Used to mount equipment directly into rack, or to mount drawers and shelves. (851b. capacity), sold in pairs.

Shelves

Fixed and sliding shelves available. (35 lbs. per shelf)

Rear Rack Frame

(rear view) For ProRack™ cases only.

Locking Swivel Casters

Button release QuickClip™ swivel casters, removable or fixed, 3.5" or 5.0" wheel diameters. No hardware included.

Caster Mounting System

Enhances the bottom panel strength of rack cases, while providing the same button-release convenience of the QuickClip™ caster plate.

Caster Storage in Lid

Holds four (4) casters on one (1) machined aluminum extrusion with mounting hardware (5" lid only).

Edge Casters

Two (2) wheel housings installed on 5" lids of the case for cart-like movement. Load limit is 75 lbs./ wheel. Used on Classic racks and Classic V Rack cases.

NOT ALL ACCESSORIES ARE AVAILABLE ON ALL STYLES AND SIZE CASES.

MAXIMUM SHOCK AND VIBRATION PROTECTION IN A WIDE RANGE OF SIZES AND ACCESSORIES

The Classic Rack case is a smooth finished roto case with a 19" wide EIA standard rack frame with the option of Pelican's Lock 'N Load removable rack. It comes in a varienty of rack depths including 17", 18", 20", 23", 25". 28". 33".

Pelican™ Classic Rack cases

are extra rugged, roto molded rack cases, designed with a shock system to protect ultra-fragile equipment during transport, especially in a rugged environments.

An additional 1U can be added to the height of the Classic rack frame without moving to the next larger size case. Optional U sizes are indicated in "()".

Heavy Duty Shock System

Used for higher weight payloads from 160 lbs (72.6kg) to 340 lbs (154.2 kg).

- » Cases 7U and smaller receive 16 shock mounts.
- » Cases 9U and larger receive wall stiffeners, Lift/Tie down rings and 16 shock mounts.

SPECIFICATIONS

SHOCK/VIBRATION SYSTEM

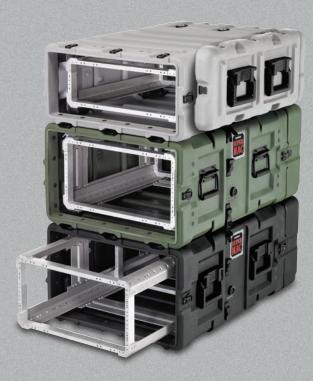

Cylindrical Shock Mounts installed on an Extruded Aluminum tapped rack frame with "Dog Ear" corner. Shock mounts attach to metal reinforcement rails that run the full length of each corner of the case body. Frame can be tapped Standard (SAE) or Metric (M6). This system provides superior shock and vibration protection.

APPLICATIONS

- » Military Rapid Deployment
- » Rack Mountable Precision Test Equipment
- » Electro-Mechanical
- » Medical and Biological Diagnostic Equipment
- » Memory Storage Devices
- » Meteorological Instruments
- » Mobile Operations
- » Broadcast and Video Gear
- Laboratory Equipment
- » Aerospace Instrumentation

SuperMAC™ Case

SHOCK AND VIBRATION PROTECTION IN A SMALLER WIDTH TO SAVE SPACE

The SuperMAC™ case is a smooth surface case with a 19" wide and 24" deep and 30" EIA standard rack.

The SuperMAC™ case is our most compact container with the option of a Lock 'N Load removable rack. The SuperMAC™ case strategically uses every

inch of space, allowing ample room for wiring and equipment integration - all while providing medium duty protection. The optional removable rack system slides open as easily as a file drawer, for full access to equipment.

The SuperMAC™ case is ideal when you need vibration and shock protection for sensitive electronic equipment but don't have enough space for a Classic Rack case.

CUSTOMIZATION

HEAVY-DUTY CASE WITH GOOD VIBRATION PROTECTION

The MAC Rack™ case is a textured low-visibility roto molded case with a 19" wide and a 20" or 24" deep EIA standard rack.

Compact and light weight, MAC Rack™ cases boast a smaller footprint to make the most of limited space.

The MAC Rack™ case protects with the same rotomolded outer shell and 19" EIA shock mounted rack as the Classic Rack, but with a smaller sway space.

The MAC Rack™ case is perfect for less fragile equipment that still needs protection from shock, vibration, moisture, and impact along with the advantages of a heavy-duty case.

V-Series Cases

OFF-THE-SHELF INDUSTRY-STANDARD SQUARE HOLE RACK CASES

V-Series rack cases utilize a 19" steel EIA standard rack design with an industry-standard square hole pattern. Simply insert either the 10-32 Imperial or M6 Metric cage nut into a square hole on the rack frame and mount your equipment.

Now you can get pro-grade rack mount cases in days instead of weeks. Pelican-Hardigg maintains inventory on both coasts, reducing your freight cost and transit time.

24" SUPER-V RACK MOUNT CASE

Has a 19" wide and 24" deep EIA standard rack.

30" SUPER-V RACK MOUNT CASE

Has a 19" wide and 30" deep EIA standard rack.

- » HDD or Connected Servers for App/Game Development

CUSTOMIZATION

V-Series cases are an Off-the-Shelf product, in stock and ready to ship.

PRECONFIGURED CASE IN 7 STANDARD U SIZES.

The BlackBox case is a textured roto molded case with a 19" wide and 24" and 30" deep EIA standard rack. It is an Off-the-Shelf product.

This light weight, compact, and double ended case offers light duty protection

and boasts significantly better light duty shock performance than the competition. The use of recycled materials in the shell and a steel frame offers great value while upholding Pelican-Hardigg's industry-leading standards.

A BlackBox case is ideal when you need immediate access to an Off-the-Shelf case and need to be cost conscious without sacrifice performance.

Not intended for high-end sensitive electronics

Made from recycled plastic materials as part of Pelican-Hardigg's commitment to reduce waste and protect the environment.

SUPERMAC™ CASE

Rapid Rack Removable Rack Feature

Rack is unlocked for rack removal

Rack is locked for travel

The Pelican-Hardigg™ Rapid Rack Removeable Rack feature combines all the shock and vibration protection of our Classic and SuperMAC™ Rack cases with the added benefit of a removable frame for complete frame accessibility.

The Rapid Rack option adds a simple Lock 'N Load quick-latch system to unlock the internal rack frame and polyethylene guide strips for smooth separation. The standard aluminum case frames hold the rack in the case using four spring lock pins. The shock mounted outer frames enable the rack to become removable using polyethylene guide strips. Pulled like a drawer, the entire rack frame slides out completely for easier in-the-field cable installation and connection to other equipment.

Rapid Rack is the ultimate versatility tool and protection system for any Classic Rack or SuperMAC™ Rack case application where frame removal is important. Order your case with the removable racks feature or purchase an upgrade kit to turn your existing fixed rack into a sliding rack case.

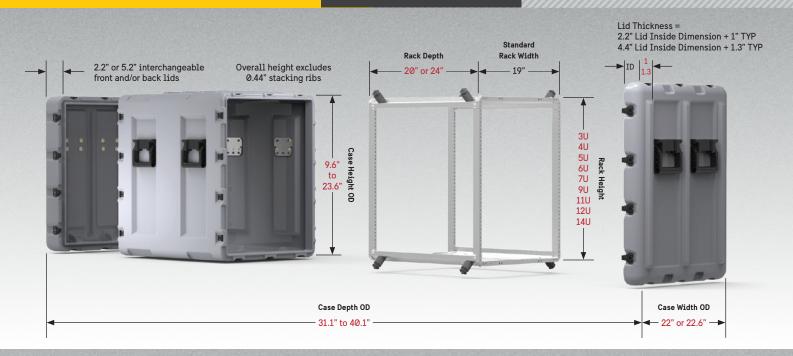

- » Standard U height frame (not available for 1U height adjusted frame sizes)
- » Not recommended for payload weights over 100 lbs. for safe handling reasons.

Universal Cage Nut Kit

Included with each V Rack Case*

Includes:

One (1) pack of #10-32 UNF/SAE (24 qty) & One (1) pack of M6 Metric (24 qty)

PN: 1-030-32426

* 3U - 5U contain (1) Universal Cage Nut Kit * 7U - 14U contain (2) Universal Cage Nut Kits

#10-32 UNF/SAE CAGE NUTS (24 pieces)

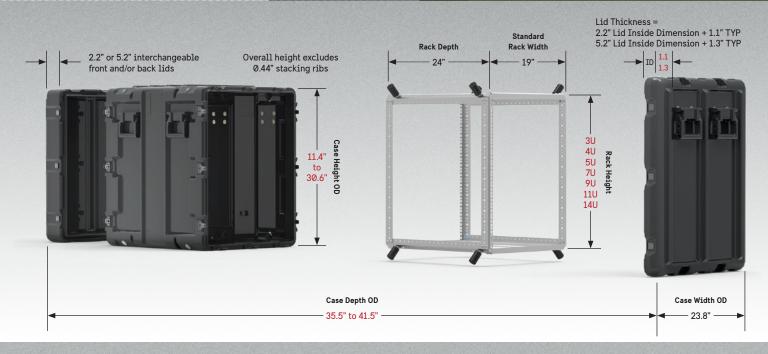

PN: 1-030-00032

M6 METRIC CAGE NUTS (24 pieces)

PN: 1-030-00042

^{1 -} Lid Outside Dimension (O.D.) = Lid I.D. plus 0.2" per lid

The variance in rack length based on non shock mounted frame –"17" rack frame is only obtained by purchasing extra rack frame for the rear of the case, 17" rack length may vary – this is not a shock mounted rack"

^{2 -} Depth includes stacking ribs

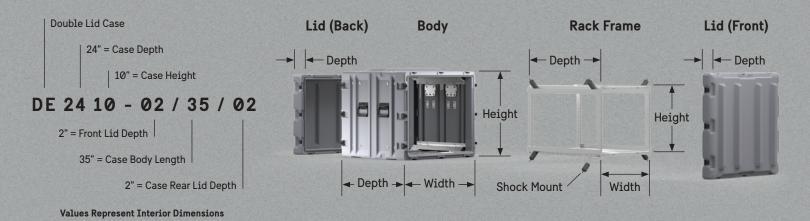

^{3 -} Height excludes 0.5" stacking ribs

CASE FEATURES

Designed to meet ANSI/EIA-310-C for universal rack mounting hole pattern (10/32 for US, M6 for International)

PART NUMBER BREAKDOWN

ROTO MOLDED CASES - PELICAN 1 YEAR LIMITED WARRANTY FOR ROTO MOLDED CONTAINERS

Pelican Products, Inc. ("Pelican") guarantees to the original purchaser of its rotationally molded containers that its containers will be free of defects in materials and workmanship for a period of one year from the date of invoice. Such warranty does not cover any associated hardware including closure hardware, retractable handles, wheels, and fasteners, which Pelican warrants against defects in materials and workmanship for a period of 90 days from the invoice date.
