

THE 2365 LED FLEX NECK

FREE YOUR HANDS THE LIGHT WILL FOLLOW

THE 2365 LED FLEX NECK

Snap on magnetic base

The 2365 LED flex neck light from Pelican lets you shine light where it's needed. Whether you are working in the engine bay of your car or under the fuselage of a jet, the 2365 ensures you can work hands free in bright LED light.

A magnetic base attaches to metal surfaces and the 15" flexible neck directs 45 lumens of bright LED light. A push button tail switch activates the efficient 2365 for 15 hours of burntime on two standard AA batteries.

The 2365 by Pelican. It allows you to be flexible at work.

Hi Intensity LED lamp module is bright and durable

Aerospace grade aluminum no-slip body is hard anodized for extreme durability

On/Off tail switch allows for easy operation

Magnetic light holder attaches to any metal surface
