

**TITLE: PELICAN CHANGES APPROVALS ON SELECTED FLASHLIGHTS**

**PRODUCTS AFFECTED: STEALTHLITE™ 2400, MITYLITE™ 2300 and MITYLITE™2340**

**DETAILS:** To improve the accuracy of marked approvals on safety flashlights, Pelican will replace approvals on the StealthLite™ 2400, MityLite 2300 and 2340 with Edison Testing Laboratories.

## About ETL

- Tests to nationally accepted safety standards
- Offers shorter test cycles
- ETL certification marks are accepted by OSHA and manufacturers and retailers worldwide as proof of compliance to market/industry standards
- Tests for performance and safety concurrently
- Products tested include medical devices, telecommunications equipment, consumer electronics, household appliances, lighting, and building products among many others
