

# NEW 3765 RECHARGEABLE FLASHLIGHT BATTERIES

TECH BULLETIN | 03/26/2018

DESIGNED IN

USA

Rev. A

SINCE 1976

## DETAILS

The Pelican™ 3765 Right Angle Rechargeable Flashlight will now be shipping preinstalled with a 4-pack of new-style individual NiMH rechargeable battery cells.

## BATTERY COMPARISON

**Previous Battery Pack**  
Catalog # 3769  
Part # 3765-301-000

The battery pack cannot be charged outside the light, which contributes to increased downtime.

**New Batteries**  
Catalog # 2469P  
*(Sold as a 4-Pack)*  
Part # 2460-304-000

### Versatility and Convenience:

- Individual cells are able to be charged in most AA NiMH battery chargers.
- Allows for back up cells to be charged and ready to maximize usage and minimize downtime.
- Same performance as before.
- Cells will charge (as before) while in the light when it's in the charging station.
- Able to be used in many other Pelican flashlights that run on AA alkaline batteries.
