Peli™ iM Manual Purge Valve Discontinuation

Effective immediately, the iM Manual Purge Valve with part #s IM-VALVE-M-8 and IM-Valve-M-8-SP are discontinued as an accessory across all applicable Storm cases. All remaining inventory will be fully depleted. All Storm cases are now equipped exclusively with an automatic purge valve which eliminates the need for manual intervention and reduces the risk of operator error.

Below is the complete list of affected sku's:

Part #	Description
